Interional Application No PCT/US2004/035807

A. CLASSIFICATION OF SUBJECT MATTER IPC 7 A01N57/20

According to International Patent Classification (IPC) or to both national classification and IPC

B. FIELDS SEARCHED

Minimum documentation searched (classification system followed by classification symbols)

IPC 7 AO1N

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EPO-Internal, CHEM ABS Data, WPI Data

Category *	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No
X	S. SANOGO, X.B. YANG & H. SCHERM: "Effects of herbcides on Fusarium solani () and development of SDS in glyphosate-tolerant soybean" PHYTOPATHOLGY, vol. 90, no. 1, 2000, pages 57-66, XP001182837 page 57, column 2, paragraph 2 page 60, column 1, paragraph 2 page 63, column 1 - column 2 page 64, column 2, paragraph 2 - page 65, column 1, paragraph 2 -/	1-12, 14-19

Further documents are listed in the continuation of box C.	Patent family members are listed in annex.
A document defining the general state of the art which is not considered to be of particular relevance *E* earlier document but published on or after the international filing date *L* document which may throw doubts on priority claim(s) or which is cried to establish the publication date of another citation or other special reason (as specified) *O* document referring to an oral disclosure, use, exhibition or other means *P* document published prior to the international filing date but later than the priority date claimed	 "T" later document published after the international filing date or pnority date and not in conflict with the application but cited to understand the principle or theory underlying the invention "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to myolve an inventive step when the document is taken alone "Y" document of particular relevance, the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art. "&" document member of the same patent family
Date of the actual completion of the international search 12 April 2005	Date of mailing of the international search report 21/04/2005
Name and mailing address of the ISA European Patent Office, P B 5818 Patentlaan 2 NL - 2280 HV Rijswijk Tel. (+31-70) 340-2040, Tx 31 651 epo nl, Fax. (+31-70) 340-3016	Authorized officer Klaver, J
